This matter comes before the Public Service Commission of South Carolina (“Commission” or “PSC”) in follow-up to Commission Order No. 2008-697 in regard to sewer service authorizations and related charges of Jacabb Utilities, LLC (“Jacabb” or “Company”).

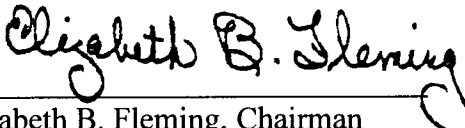

This matter was initiated on April 23, 2008, when Jacabb filed an application for approval of an establishment of rates and charges for water service provided to residential and commercial customers and for approval of an agreement for water services with Pointe West, Inc. to serve Highpointe Development in Oconee County. See S.C. Code Ann. § 58-5-240 (Supp. 2008), 26 S.C. Code Ann. Regs. 103-712.4.B (2008), and 26 S.C. Code Ann. Regs. 103-743 (Supp. 2008). A public evidentiary hearing was held before the Commission on August 19, 2008, to consider Jacabb’s application. At the hearing, a question arose about the Company’s sewer service authorizations and related charges. The Office of Regulatory Staff (“ORS”) witness, M. Elizabeth Ford, committed to provide to the Commission a report on these areas of concern regarding sewer service.

On October 3, 2008, the Commission issued its ruling on Jacabb's application. (Order No. 2008-697, *Order Establishing Rates and Charges and Granting Other Relief*). In Order No. 2008-697, the Commission addressed its concern with sewer service authorizations and related charges of Jacabb and set a date for submittal of the report of ORS witness Ford on Jacabb's sewer service authorizations and related charges.

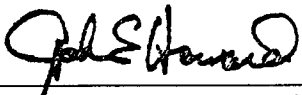

The ORS subsequently filed a report to the Commission tracking Jacabb's sewer service authorizations and related charges in its various PSC dockets. Based on the reported status of sewer rate authorizations for Jacabb Utilities, LLC, as set out in Order 2004-101 and subsequent dockets, we approve the sewer charge of \$30.50 per month for the Highpointe Development as just and reasonable.

This Order shall remain in full force and effect until further order of the Commission.
